Homeowner/Mowers/Walk Power Mowers

## Personal Pace® Self-Propelled Super Recycler® (20836)

Other mowers cut grass in a way that causes clippings to pile on top of the lawn. Our uniquely engineered Super Recycler® cutting system recuts the grass into finely shredded clippings that go back into your lawn. Whether you're mulching to save time, naturally composting your lawn or reducing fertilizer use, the Super Recycler® gives you the ultimate in mulching performance.

### Specifications

Engine	7.4 ft-lbs, 159 cc Toro® OHV with Auto Choke
Cutting Width	48 cm Cast Aluminium Deck
Starter	Recoil
Drive System	Personal Pace® Automatic Drive with Traction Assist, Rear
Ground Speed	Variable to 6.9 km/h
Height of Cut	Single point adjustment, 2.5 - 10.5 cm
Recycle, Rear Discharge	Standard
Blade Brake Control	Standard
Washout Port	Standard
Wheel Height	20.3 cm
Bag On Demand	Standard
Quick Stow Storage Handle	Standard
Weight	39 kg
Warranty*	5 years warranty, 5 years Engine warranty and 5 years Guaranteed To Start warranty *See your certified Toro dealer for full details on warranties.

## Features

### Personal Pace® Automatic Drive System with Traction Assist Handle

Toro's exclusive Personal Pace® technology automatically adjusts the mower's pace to your walking speed. For more challenging areas with uneven terrain, the Traction-Assist Handle can help monitor your speed, and keep you mowing at a comfortable pace.

### Toro® OHV Engine

Toro® walk-power mower engines have a special governor design that delivers more usable power faster when put under load.

Auto-Choke System - Ensures consistent, easy starting backed by Toro's Guaranteed-to-Start® warranty\*.  
Cast-Iron Cylinder Liner - Increases wear resistance for longer engine life. Dual Oversized Crankshaft Bearings - Oversized crankshaft bearings create less friction and promote longer engine life. Triple Piston Ring Design - Reduces engine oil consumption and blowby for maximum power.

\*See your dealer for full details on warranties.

### Durable Cast Aluminum Deck

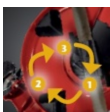

The die-cast deck is lightweight and corrosion resistant. Precision casting also produces outstanding quality of cut for improved performance.

### Single-Point Height of Cut

Select the desired height of cut in one easy move.

### Exclusive Recycling System

The aerodynamic blade cuts the grass. The clippings hit the kickers and then are pushed back down into the blade. The accelerator circulates clippings repeatedly into the blade for recutting.

Homeowner/Mowers/Walk Power Mowers

## Heavy-Duty Commercial (22298)

Landscape maintenance is hard work, so you need equipment that works hard too. The 21 inch Heavy-Duty Commercial mower delivers the performance Toro is known for and has features to help get more jobs done. This mower features a unique, tapered deck design with a generous discharge tunnel that promotes superior air flow and maximum suction. Clippings are efficiently fed and densely packed into a large, commercially reinforced, easy-dump bag.

### Specifications

Engine	179 cc Kawasaki® FJ180V commercial
Cutting Width	53 cm Die Cast Aluminum Alloy
Starter	Recoil
Drive System	3 Speed Self-Propelled, Rear Wheel Drive
Ground Speed	Variable to 6.7 km/h
Height of Cut	2.5 – 11.4 cm, 8 positions
Recycler, Rear Discharge	Standard
Spin-Stop™ System	Standard
Wheel Height	22.9 cm
Weight	60 kg
Warranty*	2 years warranty, 2 years Engine warranty *See your certified Toro dealer for full details on warranties.

## Features

### Powerful Commercial Engine

Powered by a strong reliable Kawasaki® FJ180V.

### Recycler® Cutting System

This patented cutting system cuts and recuts grass clippings into fine mulch and directs them deep into the turf to provide a “just bagged” appearance.

### Spin-Stop™ System

Allows the operator to disengage the blades without shutting down the engine.

### Steel Deck Wear Plate

Extend the life of your mower deck with replaceable steel wear plates that protect against bottom and side impacts.

### Commercial-Grade Wheels

Tough co-polymer wheels feature precision ball bearings for long life with less downtime.

Homeowner/Mowers/Walk Power Mowers

## Personal Pace® Self-Propelled Recycler® (20372)

This Toro 56 cm Personal Pace® Recycler® lawn mower gives you powerful performance and lightweight agility. Powered by a 159 cc Toro® OHV engine with Auto Choke, this mower features our exclusive Personal Pace® automatic drive system, which adapts to your walking speed. The quick wash washout port is standard for easy cleaning. Toro's innovative Recycler mulching system minces grass clippings into fine particles and puts them back into your lawn giving you a healthy, lush-looking lawn.

### Specifications

Engine	7.4 ft-lbs, 159 cc Toro® OHV with Auto Choke
Cutting Width	56 cm Stamped Steel
Starter	Recoil
Drive System	Personal Pace®, Rear Wheel Drive
Ground Speed	Variable to 7.2 km/h
Height of Cut	2.5 - 10.2 cm
Recycle, Rear Discharge, Side Discharge	Standard
Blade Brake Control	Standard
Washout Port	Standard
Wheel Height	20.95 cm
Bag On Demand	Standard
Weight	34.2 kg
Warranty*	2 years warranty, 3 years Engine warranty, 3 years Guaranteed To Start warranty. *See your certified Toro dealer for full details on warranties.

## Features

### 3 in 1 Deck

It allows you to use the mower as a bagger or to side discharge in addition to a recycler.

### Toro® OHV Engine

Toro® walk-power mower engines have a special governor design that delivers more usable power faster when put under load.

Auto-Choke System - Ensures consistent, easy starting backed by Toro's Guaranteed-to-Start® warranty\*.

Cast-Iron Cylinder Liner - Increases wear resistance for longer engine life. Dual Oversized Crankshaft Bearings

- Oversized crankshaft bearings create less friction and promote longer engine life. Triple Piston Ring Design -

Reduces engine oil consumption and blowby for maximum power.

\*See your dealer for full details on warranties.

### Personal Pace® Automatic Drive System

Toro's exclusive Personal Pace® automatic drive system senses and adapts to your walking speed. Just start the mower and go – slight pressure on the handle propels the mower to the exact speed you want to go.

### Recycler® Cutting System

Rather than just cutting the clippings once and discharging them, Toro Recycler technology with its patented deflectors, called "kickers", cuts the clippings several times. In fact, it actually chops the cuttings into fine pieces before blowing them back into the root zone of the lawn, rather than just leaving the cuttings on the top of the grass.

Homeowner/Mowers/Walk Power Mowers

## Personal Pace® Self-Propelled Recycler® Electric Start (20374)

This Toro 56 cm Personal Pace® Recycler® with electric start lawn mower gives you powerful performance and lightweight agility. Powered by a 159 cc Toro® OHV engine with Auto Choke, this mower features our exclusive Personal Pace® automatic drive system, which adapts to your walking speed. The quick wash washout port is standard for easy cleaning. Toro's innovative Recycler mulching system minces grass clippings into fine particles and puts them back into your lawn giving you a healthy, lush-looking lawn.

### Specifications

Engine	7.4 ft-lbs, 159 cc Toro® OHV with Auto Choke

Homeowner/Mowers/Walk Power Mowers

## Personal Pace® Self-Propelled Recycler® All-Wheel Drive (20353)

Toro's new All-Wheel Drive Recycler® mower takes the muscle out of mowing hills and other tough mowing challenges. The front and rear wheels engage independently, distributing the right amount of traction when needed. Extra traction makes it easy to manoeuvre with less effort, while the Automatic Drive system and traction assist handle keep you mowing at a comfortable pace.

### Specifications

Engine	7.25 ft-lbs, 163 cc Briggs & Stratton® 725 EXi Series
Cutting Width	56 cm Stamped Steel
Starter	Recoil
Drive System	Personal Pace® Automatic Drive with Traction Assist All-Wheel
Ground Speed	Variable to 6.9 km/h
Height of Cut	2.5 – 10.2 cm
Recycle, Rear Discharge, Side Discharge	Standard
Blade Brake Control	Standard
Wheel Height	20.3 cm
Weight	35.6 kg
Warranty*	2 years warranty, 2 years Engine warranty, 3 years Guaranteed To Start warranty. *See your certified Toro dealer for full details on warranties.

## Features

### Dual Variable Transmissions

Deliver true independent variable engagement, distributing the right amount of traction when needed to tackle tough hills and slopes. It results in smooth forward manoeuvring.

### Personal Pace® Automatic Drive with Traction Assist

Toro's exclusive Personal Pace® automatic drive system senses and adapts to your walking speed. All four wheels move together for better traction in soft, wet conditions as well as hilly and rough terrain.

### Briggs & Stratton® ReadyStart™ Engine

No need to choke or prime the engine – just start the mower and go! The Just Check & Add™ feature means you will never have to change the oil.

### Recycler® Cutting Deck

Front throw chamber and Atomic® blade lift, suspend and re-cut clippings into a fine mulch for a healthy, lush lawn.

### Bag On Demand

With our innovative Bag-On-Demand feature, you can switch from mulching to bagging in seconds with a flip of the quick-change lever – and the bag can stay mounted in either mode.

### Robust Design

New, rugged wheels provide added traction in tough mowing conditions.

Homeowner/Mowers/Walk Power Mowers

## 30" (76.2 cm) TimeMaster™ (20199)

For homeowners with big yards and busy schedules, Toro's TimeMaster™ covers more ground in far less time. The wide 76.2 cm mowing deck lets you handle large areas of grass quickly and easily, reducing mowing time by up to 40%<sup>^</sup>. The sleek, lightweight body easily circles trees and shrubs and it makes a big impact with a small footprint. It is equipped with a powerful Briggs & Stratton® OHV engine, a durable cast aluminum frame and heavy-duty steel deck. You can count on the TimeMaster™ to deliver the high performance and unmatched durability that Toro is known for.

<sup>^</sup>Time savings achieved via wider cutting path and enhanced travel speed capabilities of TimeMaster™ mower compared to a 53 cm Toro mower. Savings will

### Specifications

Engine	190 cc OHV Briggs & Stratton®
Cutting Width	76.2 cm Stamped Steel Deck with Twin, Timed Blades
Starter	Recoil
Drive System	Personal Pace® with Traction-Assist, Rear Wheel Drive
Ground Speed	Variable to 8 km/h
Height of Cut	2 point adjustment, 3.17 - 10.79 cm
Recycle, Rear Discharge, Side Discharge	Standard
Washout Port	Standard
Spin-Stop™ System	Standard
Wheel Height	20.3 cm front / 25.4 cm

Allow operator to disengage blades without shutting off the engine.

### 3.8 Litre Fuel Tank

Long range fuel tank allows for longer mowing time.

### 2 Point Height Of Cut

Durable design easily adjusts front and rear without walking around the mower.

### Control System

Single bail design is simple to operate and easy to control.

Homeowner/Mowers/Walk Power Mowers

## HoverPro™ 450 (02610)

The Toro HoverPro™ is perfect for maintaining turf on steep slopes, tight undulations, or for the average home. A light footprint makes the HoverPro™ easy to operate while its rugged design ensures years of quality performance.

### Specifications

Engine	Honda® GCV160LE
Cutting Width	46 cm, High Impact Resistance ABS Polymer Deck
Starter	Recoil
Drive System	Push
Height of Cut	1.8 - 3 cm
Weight	17.6 kg
Warranty*	2 years warranty, 2 years engine warranty *See your certified Toro dealer for full details on warranties.

## Features

### Metal Edge Swing Tip Blades

Prolong the life of the cutting blade.

Steel blade cutting system is also available. It enables operation in heavier growths, whilst also providing an improved cutting performance and superior quality of cut.

### Engine

Reliable Honda® engine

Homeowner/Mowers/Zero Turn Mowers

## 32" (81.3 cm) TimeCutter® SS 3225 (74710)

For more than 25 years, Toro has been manufacturing zero-turn mowers that deliver the outstanding quality of cut associated with the Toro brand along with the time savings only zero-turn technology can offer. The 81.3 cm TimeCutter® SS 3225 with 452 cc Toro® OHV single cylinder engine features the Smart Speed® control system with three speed range - Trim, Tow and Mow for precise control and easy maneuvering. With the TimeCutter® series you can now spend more time enjoying your lawn and less time mowing it. A lot less time. The Toro TimeCutter® is so maneuverable, it can cut your mowing time in half.

### Specifications

Engine	452 cc Toro® OHV single cylinder 16 hp
Cutting Width	81.3 cm
Deck Material	Stamped steel - single blade
Drive System	Dual Hydrostatic Hydro-Gear® ZT 2100
Ground Speed (Maximum)	11.3 km/h, Smart Speed® control system - 3 speed range
Height of Cut	3.8 - 11.4 cm, 7 positions
Fuel Capacity	11.4 litres
Engine Guard	Standard
Tyres	Rear: 45.7 cm x 15.2 cm Front: 28 cm x 10.2
Digital Hour Meter	Standard
Washout Port	Standard
Seat	45.7 cm high back
Hitch Kit	Standard
Floor Mat	Standard
Weight	210.9 kg
Warranty*	3 years warranty *See your certified Toro dealer for full details on warranties.

## Features

### Smart Speed® Control System - Three Speed range

Toro's Smart Speed® control system lets you choose from three ground speed ranges for optimal performance. Use low TRIM range to trim closer for maximum time savings, choose medium TOW range for towing attachments, or select high MOW range to mow large open areas and finish quickly.

### Toro® Premium OHV Single Cylinder Engine

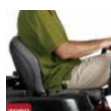

Toro's premium single cylinder engine is tuned specifically to the requirements of each machine they power, so they're ideal for the applications they're made for. Their intelligent design and tight tolerances help the governor respond faster with more power when you need it, so you're ready to handle your toughest outdoor tasks. With heavy-duty components and innovative features, it's the perfect match for the job you need to do.

Key features:

- Overhead valve (OHV) design
- Cast iron cylinder liner
- Triple piston rings
- Oversized crankshaft bearings
- Die cast connecting rod
- Hardened valve guides
- Automatic compression release
- Full pressure lubrication oil filter
- Large dual-stage air filter

### Comfortable Seat

When you're mowing for an extended period, there's no substitute for a good seat. The 45.7 cm high back seat provides ample back support for a smooth, comfortable ride.

### Dual Hydrostatic Drive System - ZT 2100

Provides independent power to each wheel for maximum traction and maneuverability.

### Heavy-duty 10 Gauge Unibody Steel Frame

The lower the gauge, the thicker the metal. That is why we use heavy-duty 10 gauge steel. The unibody steel frame provides the optimal balance in rigidity and flexibility for quick, highly maneuverable mowing conditions.

### Precision Steering System

Control lever dampeners provide smooth drive engagement to prevent jerky operation and sudden starts and stops. Thick, padded control levels allow you to keep in control and ride in comfort.

### 11.4 Litre Fuel Tank with Sight Gauge

Higher capacity fuel tank lets you mow longer and the convenient sight gauge provides a quick view of the fuel level. The large petrol cap makes filling up easy.

### Automatic Parking Brake

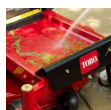

Automatically engages when the control arms are moved outward. Eliminates the need for a separate parking brake, making operation easy.

### Engine Guard

This heavy-duty steel guard protects the engine from branches and debris as you maneuver around your lawn.

### Non-Slip, Easy-to-Clean Floor Pan

The pierced floor pan is perfect for homeowners who like their mower to look as nice as their lawn. Simply hose down the floor pan after each use and keep your TimeCutter looking as good as new. The non-slip pierced extrusions also provide an additional measure of safety.

Homeowner/Mowers/Zero Turn Mowers

## 42" (106.7 cm) TimeCutter® SS 4200 (74720)

For more than 25 years, Toro has been manufacturing zero turn mowers that deliver the outstanding quality of cut associated with the Toro brand along with the time savings only zero turn technology can offer. The 106.7 cm TimeCutter® SS 4200 with 452 cc Toro® OHV single cylinder engine features the Smart Speed® control system with three speed range - Trim, Tow and Mow for precise control and easy maneuvering. With the TimeCutter® series you can now spend more time enjoying your lawn and less time mowing it. A lot less time. The Toro TimeCutter® is so maneuverable, it can cut your mowing time in half.

### Specifications

Engine	452 cc Toro® OHV single cylinder 16 hp

Toro's premium new V-Twin cylinder engine is tuned specifically to the requirements of each machine they power, so they're ideal for the applications they're made for. Their intelligent design and tight tolerances help the governor respond faster with more power when you need it, so you're ready to handle your toughest outdoor tasks. With heavy-duty components and innovative features, it's the perfect match for the job you need to do.

Key features:

- Self-cleaning air filtration system• Two-barrel carburetor• Quick-drain oil hose• Vacuum override choke• 5-bolt heads• Heavy-duty air cleaner hinge• Cast-iron cylinder liner• Automotive-style piston assembly

### Adjustable Steering Column

Steering column adjusts for maximum comfort for any operator.

### Smart Park™ Braking System

Toro's unique braking system automatically stops the mower deck and sets the parking brake when you need to get off the mower while keeping the engine running.

### Heavy-Duty 10 Gauge Steel Frame

Features thick, 10-gauge steel frames, heavy-duty engine guards and large caster forks for added durability. Heavy-duty cast iron and steel front axle provide years of dependable performance.

### Dual Hydrostatic Drive System - ZT 2800

Independent hydrostatic drive systems provide responsive maneuverability and zero turning capabilities. These independent drives are anchored to Toro's unibody frame and reinforced with a cross member for lasting durability and performance.

### Key Choice™ Mowing System

Remove the key to prevent others from mowing in reverse for added piece of mind.

### Comfortable Seat

When you're mowing for an extended period, there's no substitute for a good seat. The 45.7 cm thickly padded premium seat provide ample back support for a smooth, comfortable ride.

### Engine Guard

This heavy-duty steel guard protects the engine from branches and debris as you maneuver around your lawn.

### 11.4 Litre Fuel Capacity

All TimeCutter riding mowers feature a large 11.4 litre fuel tank for more mowing with fewer fill-ups. Knowing when to fill up is simple thanks to the translucent tank, which also helps to prevent overfilling.

Homeowner/Mowers/Zero Turn Mowers

## 48" (121.9 cm) Titan® ZX 4800 (74861)

The TITAN® series combines pro-inspired features from our popular commercial line with the user-friendly features of our residential zero turn mowers to create a commercial-like machine that's easy to use and comfortable to operate.

This Titan® ZX 4800 zero turn riding mower showcases a 121.9 cm wide fabricated deck with bull-nose bumper, a 725 cc Kohler® Confidant commercial engine with canister air cleaner and a heavy-duty frame. Built to last and designed for user comfort, check out the thickly padded premium seat with adjustable spring suspension and large tyres.

### Specifications

Engine	725 cc Kohler® Confidant V-Twin with canister air cleaner 21 hp
Cutting Width	121.9 cm
Deck Material	10-gauge fabricated deck with bull-nose bumper
Drive System	Dual Hydrostatic Hydro-Gear® ZT3100 with charge pumps
Ground Speed (Maximum)	13.6 km/h
Height of Cut	3.8 - 11.4 cm, 13
Fuel Capacity	18.9 litres
Engine Guard	Standard
Tyres	Rear: 55.8 cm x 25.4 cm - 25.4 cmFront: 33 cm x 12.7 cm smooth
Digital Hour Meter	Standard
Washout Port	Standard
Seat	Thickly padded premium seat with adjustable spring suspension
Steering Levers/Control	Dual, wrap-around control levers with hydraulic dampers
Adjustable Armrests	Standard
Flip-Up Floor Pan	Standard
Hitch Kit	Standard
Weight	353.3 kg
Warranty*	3 years/300 hours limited warranty and Lifetime frame limited warranty *See your certified Toro dealer for full details on warranties.

## Features

### 121.9 cm Fabricated Deck with Bull-Nose Bumper

Fabricated, fully-welded decks with bull-nose bumpers handle tough cutting conditions and deliver a superior quality of cut.

### Kohler® Confidant Commercial Engine

Powered by a 725 cc Kohler® Confidant commercial engine that features heavy-duty canister-style air cleaners, cast-iron cylinder liners, oversized micro-polished crankshaft bearings, and full pressure lubrication. Plus a modulated cooling fan to keep the engine cooler and quieter.

### Smooth Front Tyres and Large Rear Tyres

33 cm x 12.7 cm smooth front tyres reduce turf wear and improve maneuverability. The 55.8 cm x 25.4 cm large, wide rear tyres provide a smoother ride over rough terrain than smaller diameter tyres.

### Fully-Tubular Frame

3.8 cm x 7.6 cm fully-tubular frame offers superior strength and durability.

### Commercial Grade ZT-3100 Hydrostatic Transmission

The commercial-grade ZT-3100 hydrostatic transmissions combine consistent performance with easy maintenance.

### Heavy-Duty Deck Spindles

Huge 19.7 cm diameter aluminium spindle housings contain 2.5 cm diameter spindle shafts.

### Foot-Operated Height-of-Cut

Quickly raise or lower the deck while keeping hands on the controls.

### Thickly Padded Premium Seat

Premium, thickly padded 45.7 cm seat provides ample back support for a smooth, comfortable ride.

### Roll Over Protection System (ROPS)

Fixed Roll Over Protection System (ROPS) comes standard. Folding ROPS optional.

### Flip-Up Floor Pan

The flip-up floor pan makes it easy to access to the top of the deck for cleaning off grass clippings. It's also pierced with small holes for a textured grip and natural drain holes.

Homeowner/Mowers/Zero Turn Mowers

## 54" (137.2 cm) Titan® MX 5400 (74892)

The TITAN® series combines pro-inspired features from our popular commercial line with the user-friendly features of our residential zero turn mowers to create a commercial-like machine that's easy to use and comfortable to operate.

This Titan® MX 5400 zero turn riding mower showcases a 137.2 cm wide fabricated deck with bull-nose bumper, a 747 cc Kohler® Confidant commercial engine with canister air cleaner and a heavy-duty frame. Built to last and designed for user comfort, check out the deluxe bolstered seat with adjustable suspension, oversized comfort grip levers and large tyres.

## 48" (121.9 cm) Z Master Commercial 2000 (74141)

The Z Master® Commercial 2000 Series petrol powered mowers deliver durability, professional results and performance, offering outstanding value for budget-minded professionals.

## Specifications

Engine	726 cc Kawasaki® FX 15.3 kW
Cutting Width	121.9 cm
Drive Tyres	22" x 9.5" - 12"
Caster Tyres	13" x 5.0" - 6" Pneumatic
Fuel Capacity	30.3 Litres
Maximum Forward Speed	13.6 km/h
Deck Material	TURBO FORCE® 7/10-gauge high-strength steel with bull-nose front bumper
Height of Cut	1.5" - 5.0"
Deck Type	Side discharge
Rubber Discharge Chute	Standard
Spindle Housing	20.3 cm diameter aluminium
Spindle Bearings	Non-greasable ball bearings
Blades	0.6 cm thick heat-treated steel
Blade Tip Speed	18,500+ ft/min
Carrier Frame Construction	3" x 1.5" x 10 gauge
Warranty*	4 years/500 hours limited warranty, Lifetime frame limited warranty and 5 years/1200 hours spindle limited warranty *See your certified Toro dealer for full details on warranties.

## Features

### Commercial Engines

Commercial-grade, twin-cylinder Kawasaki® FX engines provide professional-grade performance and backed by Kawasaki's unlimited hour two year warranty\*.  
\*See your dealer for full details on warranties.

### Heavy-duty Air Filtration System

Protects engine from contaminants and prolongs product life.

### Reliable Spindle Assemblies

20.3 cm aluminium spindle housings resist impact damage, even in extreme conditions.

### TURBO FORCE® Deck

Rugged, 7/10-gauge high-strength steel deck constructed to handle extreme conditions, delivering the ultimate in cutting performance.

### Commercial-Grade ZT-3400 Hydraulics

The integrated pump and wheel motor uses proven hydraulic components while eliminating hoses and potential leak points. Transmissions are equipped with cooling fans.

### Operator Comfort & Control

Operator controls are conveniently located. Thick, custom-designed seat cushions and large bolsters improve operator productivity by reducing fatigue.

## 60" (152.4 cm) Z Master® Commercial 3000 (74958)

The Z Master® Commercial 3000 Series offers the perfect blend of performance, durability and value. This model feature Toro's exclusive TURBO FORCE® cutting decks and 12 cc unitised pump and wheel motor transmissions for professional results and dependability.

### Specifications

Engine	747 cc Kohler® Command Pro EFI 18.6
Cutting Width	152.4 cm
Drive Tyres	24" x 12" - 12"
Caster Tyres	13" x 6.5" - 6" pneumatic
Fuel Capacity	30.3 Litres
Maximum Forward Speed	16.1 km/h
Deck Material	TURBO FORCE® 7-gauge high-strength steel with bull-nose front
Height of Cut	1.0" - 5.5"
Deck Type	Side discharge
Rubber Discharge Chute	Standard
Spindle Housing	9" diameter cast iron
Spindle Bearings	Premium greasable ball bearings
Blades	0.6 cm thick heat-treated steel
Blade Tip Speed	18,500+ ft/min
Carrier Frame Construction	3" x 1.5" x 10 gauge
Warranty*	5 years/1200 hours limited warranty, Lifetime frame limited warranty and 5 years/1200 hours spindle limited warranty *See your certified Toro dealer for full details on warranties.

## Features

### Exclusive TURBO FORCE® Deck

Rugged, 7-gauge high-strength steel deck constructed to handle extreme conditions, delivering the ultimate in cutting performance.

### Commercial Engine

Kohler® Closed-Loop EFI provides the highest productivity with the lowest operating cost and reduced carbon footprint. It's the easiest, the most reliable starting and backed by Kohler's unlimited hour three year commercial warranty#.

#See your dealer for full details on warranty

### Tough Spindle Assemblies

A robust cast iron housing with a solid 1 inch steel spindle shaft absorbs impact loads and distributes them across a broader area of the deck shell.

### Twin Unitised Pump and Wheel Motor Transmissions with Cooling Fans

Proven commercial hydraulic components while eliminating hoses and other potential leak points. You'll get a smoother, faster response while enjoying an even more reliable machine. The transmissions are equipped with cooling fans.

### Heavy-Duty Air Filtration System

Protects engine from contaminants and prolongs product life.

### Operator Comfort and Control

The thick cushions and padded armrests improve operator productivity by reducing fatigue. The standard lift assist pedal allows for fast and easy deck height adjustments. Roll Over Protection System (ROPS) is angled rearward and can be temporarily unlocked and folded down in seconds.

### Traction and Performance

Industry-leading traction and control - low centre of gravity enhances hillside traction and stability for superior handling on hills.

### Folding Rollover Protection System

A Rollover Protection System (ROPS), complete with seat belt, comes standard for operator protection in the case of accidental rollovers and tipovers. In situations where sufficient vertical clearance is not available, such as loading on an enclosed trailer, the ROPS can be temporarily unlocked and folded down.

Engine	999 cc Kohler® Command Pro EFI ECV940, electronic governor and Toro® Horizon™ Technology
Cutting Width	152.4 cm
Deck Material	TURBO FORCE® 7-gauge high-strength steel with bull-nose front
Deck Type	Side discharge tools-free adjustable baffle
Fuel Capacity	45.42 Litres
Maximum Forward Speed	18.5 km/h
Drive Tyres	24" x 12" - 12"
Caster Tyres	13" x 6.5" - 6" flat-free semi pneumatic
Height of Cut	1.0" - 5.5"
Rubber Discharge Chute	Standard
Spindle Housing	9" diameter cast iron
Spindle Bearings	Premium greasable ball bearings
Blades	0.25" heat-treated steel
Blade Tip Speed	18,500+ ft/min
Carrier Frame Construction	3" x 1.5" x 10 gauge
Warranty*	5 years/1200 hours limited warranty, Lifetime frame limited warranty and 5 years/1200 hours spindle limited warranty *See your certified Toro dealer for full details on warranties.

## Features

### Kohler® EFI Engine

Kohler® Closed-Loop EFI engine provides the highest productivity with the lowest operating cost and reduced carbon footprint. It's the easiest, the most reliable starting engine and backed by Kohler's unlimited hour three year commercial warranty\*. The electronic governor system eliminates governor droop and regulates the engine speed at varying loads, which improves fuel efficiency.

\*See your certified Toro dealer for full details on warranties.

### Toro Horizon™ Technology and Electronic Governor (E-Gov)

The Toro® Horizon™ Technology system is an on-board intelligence platform that enables communication and response between key systems on the mower. It enhances the machines' overall performance in a wide range of mowing conditions, hence increasing fuel efficiency.

The Toro® Horizon™ system uses a speed control module and a throttle/rocker switch (Max, Economy and Low modes) to interact with the Kohler® EFI and electronic governor systems to command engine RPM and throttle plate angle according to load.

### Exclusive TURBO FORCE® Deck

The rugged TURBO FORCE® deck is constructed of 7-gauge, high-strength steel with bull-nose bumper, which is 33% thicker and 32% higher in yield strength than ordinary 10-gauge commercial steel. The combined effect is 75% stronger, so it easily handles the most demanding conditions and resists damage from impacts and abrasion.

### Semi-Pneumatic Flat-Free Caster Tyres

Eliminate time-consuming flats.

### Unibody Frame

Lighter and more durable frame. The frame has been positioned lower to the ground, improving centre of gravity, balance and traction in most conditions. As an added perk, it's made the machine easier to handle.

### Twin Unitised Pump and Wheel Motor Transmissions

Proven commercial hydraulic components while eliminating hoses and other potential leak points. You'll get a smoother, faster response while enjoying an even more reliable machine.

### Instrument Panel

The easy to see instrument panel includes a digital hour meter, fuel gauge, voltage meter and diagnostics indicators for troubleshooting at a glance.

### Operator Comfort and Control

Deluxe suspension seat features thick cushions, large bolsters and 3-D isolator mounts that absorb bumps and vibrations to reduce operator fatigue.

### Folding Rollover Protection System

A Rollover Protection System (ROPS), complete with seat belt, comes standard for operator protection in the case of accidental rollovers and tipovers. In situations where sufficient vertical clearance is not available, such as loading on an enclosed trailer, the ROPS can be temporarily unlocked and folded down.

## Professional Contractor/Mowers

### 72" (183 cm) Z Master® Professional 6000 EFI with Horizon™ Technology and E-Gov (74947)

The Toro Z Master® Professional 6000 EFI Series is Toro's most advanced zero-turning radius mower. Everything added to this series was developed with the landscape professional in mind. This model features 183 cm cutting deck, 999 cc Kohler® Electronic Fuel Injection (EFI) engine with Toro's exclusive, new Horizon™ Technology system and electronic governor (E-Gov) to provide maximum productivity with reduced carbon footprint and at the same time increase fuel efficiency. It's technology that refined the Z Master® to make a great commercial mower even better.

Model 74946 shown - 2014 model

## Specifications

Engine	999 cc Kohler ® Command Pro EFI ECV940, electronic governor and Toro ® Horizon™ Technology System 25.4 kW
Cutting Width	183 cm
Deck Material	TURBO FORCE® 7-gauge high-strength steel with bull-nose front
Deck Type	Side discharge tools-free adjustable baffle
Fuel Capacity	45.42 Litres
Maximum Forward Speed	18.5 km/h
Drive Tyres	24" x 12" - 12"
Caster Tyres	13" x 6.5" - 6" flat-free semi pneumatic
Height of Cut	1.0" - 5.5"
Rubber Discharge Chute	Standard
Spindle Housing	9" diameter cast iron
Spindle Bearings	Premium greasable tapered rolling bearings
Blades	0.25" heat-treated steel
Blade Tip Speed	18,500+ ft/min
Carrier Frame Construction	3" x 1.5" x 10 gauge

## 52" (132.1 cm) Z Master® Professional 7000 (74266)

Need to power through tough mowing conditions that would strain conventional petrol-powered mowers? Toro Z Master® Professional 7000 Series offers superior quality of cut and performance that are needed for a wide array of turf maintenance requirements.

This model features 132.1 cm TURBO FORCE® cutting deck with 898 cc liquid-cooled Kubota® diesel engine. The powerful yet fuel-efficient engine is compact and exceptionally well-balanced for low vibration. The liquid-cooled system ensures cleaner combustion and extended engine life.

Model 74267 shown.

### Specifications

Engine	898cc Kubota® liquid-cooled diesel 17.5
Cutting Width	132.1 cm
Deck Material	TURBO FORCE® 7-gauge high-strength steel with bull-nose front
Deck Type	Side discharge tools-free adjustable baffle
Fuel Capacity	45.42 Litres
Maximum Forward Speed	18 km/h
Drive Tyres	23" x 9.5" - 12"
Caster Tyres	13" x 6.5" - 6" flat-free semi pneumatic
Height of Cut	1.5" - 5.0"
Rubber Discharge Chute	Standard
Spindle Housing	9" diameter cast iron
Spindle Bearings	Premium greasable ball bearings
Blades	0.25" heat-treated steel
Blade Tip Speed	18,500+ ft/min
Carrier Frame Construction	2" x 2" x 3/16" steel
Warranty*	4 years/1200 hours limited warranty, Lifetime frame limited warranty and 4 years/1200 hours spindle limited warranty *See your certified Toro dealer for full details on warranties.

## Features

### Exclusive TURBO FORCE® Deck

High-capacity, 7-gauge, 140 mm deep TURBO FORCE® cutting decks with patented adjustable discharge baffle works in tandem with high-torque 3-cylinder diesel engines to provide exceptional cutting performance at high ground speeds.

### Liquid-Cooled Kubota® Engine

The powerful yet fuel-efficient engine is compact and exceptionally well-balanced for low vibration. The liquid-cooled system ensures cleaner combustion and extended engine life.

### Robust Cast Iron Spindle

Robust cast iron spindle housings with solid splined shaft.

### Hydro Pump

Utilises a heavy-duty dual 16 cc Hydro-Gear® variable displacement pump assembly, and coupled together with high-torque wheel motors, provides outstanding drivability performance.

### Semi-Pneumatic Flat-Free Caster Tyres

Eliminate time-consuming flats.

### Diesel Fuel Efficiency

Diesel engines are more efficient than petrol engines of the same power, resulting in lower fuel consumption. Diesel fuel is denser and contains about 18% more energy by volume, providing added power for more demanding conditions.

### Biodiesel Ready

All diesel-powered Toro Z Master mowers are approved to utilise up to 20% biodiesel (B20) fuel blends. Based on EPA-designed engine tests, the overall smog-forming potential from biodiesel exhaust emissions is nearly 50% less than that measured for diesel.

### Instrument Panel

The easy to see instrument panel includes a digital hour meter, fuel gauge, voltage meter and diagnostics indicators for troubleshooting at a glance.

### Folding Rollover Protection System

A Rollover Protection System (ROPS), complete with seat belt, comes standard for operator protection in the case of accidental rollovers and tipovers. In situations where sufficient vertical clearance is not available, such as loading on an enclosed trailer, the ROPS can be temporarily unlocked and folded down.

## 42" (106.7 cm) Z Master® 8000 Direct Collect Z (74310)

Every landscape professional has customers that are particular about the way their properties look after they've been mowed. Often the properties are equally demanding, with short runs, tight turns, trees, flowerbeds, you name it. For high-end properties, a clean, manicured look is everything.

The Z Master® 8000 Series Direct Collect Z gives you that and much more. A powerful blower moves more air, allowing large volumes of material to be thrown into the hopper. The rear-discharge deck lets you trim on either side while keeping flower beds and walkways clipping-free. And the high-capacity collection system helps extend mowing time. With ground speeds up to 11.3 km/h, the 8000 series is the answer for a perfect cut in

## Specifications

Engine	624 cc Kohler® Command PS-CH641-3018 or
Cutting Width	106.7 cm
Deck Material	Full-floating rear-discharge cutting deck with heavy-duty gear-driven spindle
Deck Type	Rear discharge
Hydraulic Drive System	Dual Hydro-Gear 12 cc variable-displacement pumps power, Hydro-Gear planetary
Fuel Capacity	28.39 litres
Maximum Forward Speed	11.3 km/h
Drive Tyres	18" x 10.5" - 10" MultiTrac® C/S
Caster Tyres	8" x 3" - 4" Semi Pneumatic (front)
Height of Cut	1" - 4"
Clutch	6" brake band
Blades	2 blades at 22"
Blade Tip Speed	18,500+ ft/min
Carrier Frame Construction	Channeled and fully welded 1.5" x 1.5" x 0.1875" wall tubing
Weight**	517 kg **traction unit &
Warranty*	2 years/1200 hours limited warranty *See your certified Toro dealer for full details on warranties.

## Features

### Kohler® Engine

624 cc Kohler® Command PS-CH641-3018 or PS-CH640-3164 15.3 kW

### Toro Cutting and Collection Technology

Exclusive fill-reduction system provides the most versatile cutting system in a dedicated bagging machine. The floating deck follows ground contours to virtually eliminate scalping and the 11.8 cm deep deck processes taller grass at higher speeds without clogging. The unique adjustment screen also prevents clogging in wet and blowout in dry conditions to provide a clean look.

### Commercial Design and Heavy-Duty Construction

The superior 50 hp gearbox with spiral-bevel cut gears assembly utilises premium Timken tapered roller bearings and is independently sealed at each box to prevent cross contamination or loss of lubricant. The integrated seal guards on output shafts protect and keep debris away.

### Drive Control System Design

The drive control system design utilises the latest hydro-drive technology for smooth and precise control at more productive mowing speeds. The control interface allows for increase control and consistent feel throughout the operating range. The drive system is equipped with new high performance 18 cubic inch H-Series Motors and reduced friction 12 cc Pumps to improve control feel.

### Swing Away Fuel Tank

The fuel tank pivots out for easier engine servicing.

### Enhanced Bagging & High Capacity

Large blower to move more air allowing grass to stand up for a superior cut and the 9.5-bushel hopper means less time emptying and more time mowing. Exclusive baffle design fills evenly back to front for maximum efficiency.

## Groundsmaster® 7200 (30495)

The Groundsmaster® 7200 zero turn rotary mowers are rugged enough to be called a Groundsmaster®. They have powerful Kubota® 1,123 cc (18.6 kW), 3-cylinder, liquid-cooled diesel engines to get the job done well. Durable heavy-duty 7-gauge welded steel deck construction and the industry's toughest spindle assembly provide long life. Use the Groundsmaster® 7200 for more than mowing with the added versatility for grooming infields and blowing leaves.

Groundsmaster® 7200 Models can be configured with one of the following decks:

152.4 cm side discharge deck 157.5 cm base deck which can be set up as either a rear discharge deck or Guardian® Recycler® deck 183 cm side discharge

## Specifications

Engine	1,123 cc Kubota® 3-cylinder, liquid-cooled diesel 18.6 kW
Cutting Width	152.4 cm, 157.5 cm, 183 cm
Deck Material	7-gauge welded steel
Deck Type	Side discharge adjustable baffle, Rear discharge or Guardian® Recycler
Fuel Capacity	43.5 litres
Maximum Forward Speed	20 km/h
Height of Cut	1" - 6" adjustable in 0.25" increments
Drive Tyres	24" x 12" - 12", 6-ply pneumatic tubeless, dismountable and interchangeable
Caster Tyres	15" x 6" - 6", 4-ply ribbed tread, tubeless
Spindle Housing	9" cast based
Spindle Bearings	Premium greasable tapered roller bearings
Weight**	Approx. 862 kg **Weight may vary depending on deck configuration.
Warranty*	2 years/1500 hours limited warranty *See your certified Toro dealer for full details on warranties.

## Features

### Industry's Toughest Deck and Spindle Assembly

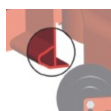

The Groundsmaster® 7200 cutting decks stand up to the rigours of everyday use with high-strength, 7-gauge welded-steel construction that resists cracking. In fact, Toro decks are 33% thicker and 85% stronger than competitive decks made from ordinary 10-gauge steel. The decks also employ heavy-duty spindle assemblies with a 9" (23 cm) diameter base to absorb impacts that would damage most other assemblies.

### Direct-Drive Transmission

Integrates wheel motor pumps, a hydraulic wet disc clutch and engine power linkage. Coupling the transmission directly to the engine eliminates drive belts and creates an efficient and robust powertrain system that requires less maintenance and service.

### Bull-Nose Bumper

This unique design provides durability and minimises blowout of grass and dust. The leading edge is raised 6.4 mm so grass stands up straight for a cleaner cut.

### 60" (152.4 cm) & 72" (183 cm) Side Discharge Deck

A blade tip speed of 18,000 ft/min assures a cleaner cut without sacrificing mowing speed. The patent-pending rubber discharge deflector disperses clippings evenly while protecting trees and other objects from damage.

### 62" (157.5 cm) & 72" (183 cm) Rear Discharge or Guardian® Recycler® Deck

The patented vertical discharge system offers improved safety and clipping management by forcing the clippings to be cut and re-cut.

### Quick Attach System™ (QAS)

The exclusive Toro QAS allows switches between attachments in less than a minute without tools.

### Deluxe Suspension Seat

The new air-ride seat suspension glides over the bumps improving operator comfort and reduces operator fatigue when mowing for a prolonged period.

### All-day Comfort and Maximised Productivity

The ideal choice for productivity and operator comfort. It's capable of a 20 km/h mow/transport speed and the 43.5 litres fuel tank is large enough for a full day of mowing. The hydraulic deck lift, zero-turn stick operation, deluxe suspension seat and cup holder ensure operator comfort and reduce fatigue.

### Folding Rollover Protection System

A Rollover Protection System (ROPS), complete with seat belt, comes standard for operator protection in the case of accidental rollovers and tipovers. In situations where sufficient vertical clearance is not available, such as loading on an enclosed trailer, the ROPS can be temporarily unlocked and folded down.

The new air-ride seat suspension glides over the bumps improving operator comfort and reduces operator fatigue when mowing for a prolonged period.

### All-day Comfort and Maximised Productivity

The ideal choice for productivity and operator comfort. It's capable of a 20 km/h mow/transport speed and the 43.5 litres fuel tank is large enough for a full day of mowing. The hydraulic deck lift, zero-turn stick operation, deluxe suspension seat and cup holder ensure operator comfort and reduce fatigue.

### Folding Rollover Protection System

A Rollover Protection System (ROPS), complete with seat belt, comes standard for operator protection in the case of accidental rollovers and tipovers. In situations where sufficient vertical clearance is not available, such as loading on an enclosed trailer, the ROPS can be temporarily unlocked and folded down.

Professional Contractor/Mowers

## Wide Area Mower (30678)

As the premier mid-size walk-behind on the market, the Toro Wide Area Mower offer the boost in productivity that comes with a fixed deck, plus the enhanced clipping management of Toro's exclusive TURBO FORCE® cutting system.

## Specifications

Engine	603 cc Kawasaki® V-Twin FS481V
Cutting Width	121.9 cm, 3 blades
Deck Material	TURBO FORCE® 7-gauge high-strength steel with bull-nose front
Deck Type	Side discharge
Starter	Recoil
Drive System	Peerless 700-070 5 Speed forward, Single Speed Reverse, Rear
Control System	T-Bar
Ground Speed	Variable to 9.8 km/h
Height of Cut	2.5 – 10.8 cm
Spin-Stop™ Blade Stop System	Standard
Recycler Kit	Optional
Wheel Height	9 inch front caster wheel, 13 inch rear drive wheels
Weight	226 kg
Warranty*	2 years warranty, 3 years Engine warranty *See your certified Toro dealer for full details on warranties.

## Features

### TURBO FORCE® Deck

TURBO FORCE® heavy-duty 7-gauge steel deck construction and bull-nose bumper.

### Exclusive T-Bar Steering

T-Bar steering increases productivity and is ergonomically designed to reduce activation force. Unique operator presence control disengages blades and returns unit to neutral without stopping the engine.

### Commercial Grade Engine

High-horsepower commercial engine delivers many hours of trouble-free life, while twin cylinder design provides a smoother-running engine with excellent load response.

### Robust Cast Iron Spindle

Robust cast iron spindle housings with maintenance – free sealed bearings.

Professional Contractor/Mowers

## HoverPro™ 450 (02610)

The Toro HoverPro™ is perfect for maintaining turf on steep slopes, tight undulations, or for the average home. A light footprint makes the HoverPro™ easy to operate while its rugged design ensures years of quality performance.

### Specifications

Engine	Honda® GCV160LE
Cutting Width	46 cm, High Impact Resistance ABS Polymer Deck
Starter	Recoil
Drive System	Push
Height of Cut	1.8 - 3 cm
Weight	17.6 kg
Warranty*	2 years warranty, 2 years engine warranty *See your certified Toro dealer for full details on warranties.

## Features

### Metal Edge Swing Tip Blades

Prolong the life of the cutting blade.

Steel blade cutting system is also available. It enables operation in heavier growths, whilst also providing an improved cutting performance and superior quality of cut.

### Engine

Reliable Honda® engine

Professional Contractor/Mowers/Z Master® Commercial 2000 Series

## 48" (121.9 cm) Z Master Commercial 2000 (74141)

The Z Master® Commercial 2000 Series petrol powered mowers deliver durability, professional results and performance, offering outstanding value for budget-minded professionals.

### Specifications

Engine	726 cc Kawasaki® FX 15.3 kW
Cutting Width	121.9 cm
Drive Tyres	22" x 9.5" - 12"
Caster Tyres	13" x 5.0" - 6" Pneumatic
Fuel Capacity	30.3 Litres
Maximum Forward Speed	13.6 km/h
Deck Material	TURBO FORCE® 7/10-gauge high-strength steel with bull-nose front bumper
Height of Cut	1.5" - 5.0"
Deck Type	Side discharge
Rubber Discharge Chute	Standard
Spindle Housing	20.3 cm diameter aluminium
Spindle Bearings	Non-greasable ball bearings
Blades	0.6 cm thick heat-treated steel
Blade Tip Speed	18,500+ ft/min
Carrier Frame Construction	3" x 1.5" x 10 gauge
Warranty*	4 years/500 hours limited warranty, Lifetime frame limited warranty and 5 years/1200 hours spindle limited warranty *See your certified Toro dealer for full details on warranties.

## Features

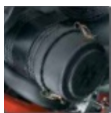

### Commercial Engines

Commercial-grade, twin-cylinder Kawasaki® FX engines provide professional-grade performance and backed by Kawasaki's unlimited hour two year warranty\*.

\*See your dealer for full details on warranties.

### Heavy-duty Air Filtration System

Protects engine from contaminants and prolongs product life.

### Reliable Spindle Assemblies

20.3 cm aluminium spindle housings resist impact damage, even in extreme conditions.

### TURBO FORCE® Deck

Rugged, 7/10-gauge high-strength steel deck constructed to handle extreme conditions, delivering the ultimate in cutting performance.

### Commercial-Grade ZT-3400 Hydraulics

The integrated pump and wheel motor uses proven hydraulic components while eliminating hoses and potential leak points. Transmissions are equipped with cooling fans.

### Operator Comfort & Control

Operator controls are conveniently located. Thick, custom-designed seat cushions and large bolsters improve operator productivity by reducing fatigue.

Professional Contractor/Mowers/Z Master® Commercial 2000 Series

## 52" (132.1 cm) Z Master® Commercial 2000 (74143)

The Z Master® Commercial 2000 Series petrol powered mowers deliver durability, professional results and performance, offering outstanding value for budget-minded professionals.

Professional Contractor/Mowers/Z Master® Commercial 3000 Series

60" (152.4 cm) Z Master® Commercial 3000 (74958)

The Z Master® Commercial 3000 Series offers the perfect blend of performance, durability and value. This model feature Toro's exclusive TURBO FORCE® cutting decks and 12 cc unitised pump and wheel motor transmissions for professional results and dependability.

## Specifications

Engine	747 cc Kohler® Command Pro EFI 18.6
Cutting Width	152.4 cm
Drive Tyres	24" x 12" - 12"
Caster Tyres	13" x 6.5" - 6" pneumatic
Fuel Capacity	30.3 Litres
Maximum Forward Speed	16.1 km/h
Deck Material	TURBO FORCE® 7-gauge high-strength steel with bull-nose front
Height of Cut	1.0" - 5.5"
Deck Type	Side discharge
Rubber Discharge Chute	Standard
Spindle Housing	9" diameter cast iron
Spindle Bearings	Premium greasable ball bearings
Blades	0.6 cm thick heat-treated steel
Blade Tip Speed	18,500+ ft/min
Carrier Frame Construction	3" x 1.5" x 10 gauge
Warranty*	5 years/1200 hours limited warranty, Lifetime frame limited warranty and 5 years/1200 hours spindle limited warranty *See your certified Toro dealer for full details on warranties.

## Features

### Exclusive TURBO FORCE® Deck

Rugged, 7-gauge high-strength steel deck constructed to handle extreme conditions, delivering the ultimate in cutting performance.

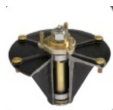

### Commercial Engine

Kohler® Closed-Loop EFI provides the highest productivity with the lowest operating cost and reduced carbon footprint. It's the easiest, the most reliable starting and backed by Kohler's unlimited hour three year commercial warranty#.

#See your dealer for full details on warranty

### Tough Spindle Assemblies

A robust cast iron housing with a solid 1 inch steel spindle shaft absorbs impact loads and distributes them across a broader area of the deck shell.

### Twin Unitised Pump and Wheel Motor Transmissions with Cooling Fans

Proven commercial hydraulic components while eliminating hoses and other potential leak points. You'll get a smoother, faster response while enjoying an even more reliable machine. The transmissions are equipped with cooling fans.

### Heavy-Duty Air Filtration System

Protects engine from contaminants and prolongs product life.

### Operator Comfort and Control

The thick cushions and padded armrests improve operator productivity by reducing fatigue. The standard lift assist pedal allows for fast and easy deck height adjustments. Roll Over Protection System (ROPS) is angled rearward and can be temporarily unlocked and folded down in seconds.

### Traction and Performance

Industry-leading traction and control - low centre of gravity enhances hillside traction and stability for superior handling on hills.

### Folding Rollover Protection System

A Rollover Protection System (ROPS), complete with seat belt, comes standard for operator protection in the case of accidental rollovers and tipovers. In situations where sufficient vertical clearance is not available, such as loading on an enclosed trailer, the ROPS can be temporarily unlocked and folded down.

Professional Contractor/Mowers/Z Master® Professional 5000 Series

## 48" (121.9 cm) Z Master® Professional 5000 (74904)

When you cover a lot of ground, you need a machine that keeps up. Toro's Z Master® Professional 5000 Series fits the bill. This 121.9 cm 5000 series model packs the power, fuel efficiency and comfort you demand. From the Kohler® Closed-loop EFI engine which provides the highest productivity and better fuel economy, vibration-absorbing deluxe suspension seat to the high-strength steel TURBO FORCE® deck, it's built to work hard and run at optimal levels.

Model 74930 shown

### Specifications

Engine	747 cc Kohler® Command Pro EFI 17.2
Cutting Width	121.9 cm
Drive Tyres	23" x 9.5" - 12"
Caster Tyres	13" x 5.0" - 6" flat-free semi pneumatic
Fuel Capacity	45.4 litres
Maximum Forward Speed	16.1 km/h
Deck Material	TURBO FORCE® 7-gauge high-strength steel with bull-nose front
Height of Cut	1.0" - 5.5"
Deck Type	Side discharge tools adjustable baffle
Rubber Discharge Chute	Standard
Spindle Housing	22.9 cm diameter cast
Spindle Bearings	Greasable ball bearings
Blades	0.6 cm heat-treated steel
Blade Tip Speed	18,500+ ft/min
Carrier Frame Construction	3" x 1.5" x 10 gauge
Warranty*	5 years/1200 hours limited warranty, Lifetime frame limited warranty and 5 years/1200 hours spindle limited warranty *See your certified Toro dealer for full details on warranties.

### TURBO FORCE® Deck

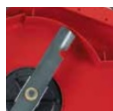

Rugged, 7-gauge high-strength steel deck constructed to handle extreme conditions, delivering the ultimate in cutting performance.

### Semi-Pneumatic Flat-Free Caster Tyres

Eliminate time-consuming flats.

### High-Strength Blades

High-lift, flex-resistant, 0.63 cm thick blades are made of heat-treated steel for maximum durability and an outstanding cut every time.

### Unibody Frame

Lighter and more durable frame. The frame is positioned lower to the ground, improving centre of gravity, balance and traction in most conditions. As an added perk, it's made the machine easier to handle.

### Twin Unitised Pump and Wheel Motors - with Cooling Fans

Proven commercial hydraulic components while eliminating hoses and other potential leak points. You'll get a smoother, faster response while enjoying an even more reliable machine. Transmissions are equipped with cooling fans.

### Instrument Panel

The easy to see instrument panel includes a digital hour meter, fuel gauge, voltage meter and diagnostics indicators for troubleshooting at a glance.

### Operator Comfort & Control

The thick cushions and padded armrests improve operator productivity by reducing fatigue. The standard lift assist pedal allows for fast and easy deck height adjustments. Roll Over Protection System (ROPS) is angled rearward and can be temporarily unlocked and folded down in seconds.

## 60" (152.4 cm) Z Master® Professional 6000 EFI with Horizon™ Technology and E-Gov (74946)

The Toro Z Master® Professional 6000 EFI Series is Toro's most advanced zero-turning radius mower. Everything added to this series was developed with the landscape professional in mind. This model features 152.4 cm cutting deck, 999 cc Kohler® Electronic Fuel Injection (EFI) engine with Toro's exclusive, new Horizon™ Technology system and electronic governor (E-Gov) to provide maximum productivity with reduced carbon footprint and at the same time increase fuel efficiency. It's technology that refined the Z Master® to make a great commercial mower even better.

2014 model shown

### Specifications

Engine	999 cc Kohler® Command Pro EFI ECV940, electronic governor and Toro® Horizon™ Technology
Cutting Width	152.4 cm
Deck Material	TURBO FORCE® 7-gauge high-strength steel with bull-nose front
Deck Type	Side discharge tools-free adjustable baffle
Fuel Capacity	45.42 Litres
Maximum Forward Speed	18.5 km/h
Drive Tyres	24" x 12" - 12"
Caster Tyres	13" x 6.5" - 6" flat-free semi pneumatic
Height of Cut	1.0" - 5.5"
Rubber Discharge Chute	Standard
Spindle Housing	9" diameter cast iron
Spindle Bearings	Premium greasable ball bearings
Blades	0.25" heat-treated steel
Blade Tip Speed	18,500+ ft/min
Carrier Frame Construction	3" x 1.5" x 10 gauge
Warranty*	5 years/1200 hours limited warranty, Lifetime frame limited warranty and 5 years/1200 hours spindle limited warranty *See your certified Toro dealer for full details on warranties.

## Features

### Kohler® EFI Engine

Kohler® Closed-Loop EFI engine provides the highest productivity with the lowest operating cost and reduced carbon footprint. It's the easiest, the most reliable starting engine and backed by Kohler's unlimited hour three year commercial warranty\*. The electronic governor system eliminates governor droop and regulates the engine speed at varying loads, which improves fuel efficiency.

\*See your certified Toro dealer for full details on warranties.

### Toro Horizon™ Technology and Electronic Governor (E-Gov)

The Toro® Horizon™ Technology system is an on-board intelligence platform that enables communication and response between key systems on the mower. It enhances the machines' overall performance in a wide range of mowing conditions, hence increasing fuel efficiency.

The Toro® Horizon™ system uses a speed control module and a throttle/rocker switch (Max, Economy and Low modes) to interact with the Kohler® EFI and electronic governor systems to command engine RPM and throttle plate angle according to load.

### Exclusive TURBO FORCE® Deck

The rugged TURBO FORCE® deck is constructed of 7-gauge, high-strength steel with bull-nose bumper, which is 33% thicker and 32% higher in yield strength than ordinary 10-gauge commercial steel. The combined effect is 75% stronger, so it easily handles the most demanding conditions and resists damage from impacts and abrasion.

### Semi-Pneumatic Flat-Free Caster Tyres

Eliminate time-consuming flats.

### Unibody Frame

Lighter and more durable frame. The frame has been positioned lower to the ground, improving centre of gravity, balance and traction in most conditions. As an added perk, it's made the machine easier to handle.

### Twin Unitised Pump and Wheel Motor Transmissions

Proven commercial hydraulic components while eliminating hoses and other potential leak points. You'll get a smoother, faster response while enjoying an even more reliable machine.

### Instrument Panel

The easy to see instrument panel includes a digital hour meter, fuel gauge, voltage meter and diagnostics indicators for troubleshooting at a glance.

### Operator Comfort and Control

Deluxe suspension seat features thick cushions, large bolsters and 3-D isolator mounts that absorb bumps and vibrations to reduce operator fatigue.

### Folding Rollover Protection System

A Rollover Protection System (ROPS), complete with seat belt, comes standard for operator protection in the case of accidental rollovers and tipovers. In situations where sufficient vertical clearance is not available, such as loading on an enclosed trailer, the ROPS can be temporarily unlocked and folded down.

### Kohler® EFI Engine

Kohler® Closed-Loop EFI engine provides the highest productivity with the lowest operating cost and reduced carbon footprint. It's the easiest, the most reliable starting engine and backed by Kohler's unlimited hour three year commercial warranty\*. The electronic governor system eliminates governor droop and regulates the engine speed at varying loads, which improves fuel efficiency.\*See your certified Toro dealer for full details on

### Toro Horizon™ Technology and Electronic Governor (E-Gov)

The Toro® Horizon™ Technology system is an on-board intelligence platform that enables communication and response between key systems on the mower. It enhances the machines' overall performance in a wide range of mowing conditions, hence increasing fuel efficiency. The Toro® Horizon™ system uses a speed control module and a throttle/rocker switch (Max, Economy and Low modes) to interact with the Kohler® EFI and electronic governor systems to command engine RPM and throttle plate angle according to load.

### Exclusive TURBO FORCE® Deck

The rugged TURBO FORCE® deck is constructed of 7-gauge, high-strength steel with bull-nose bumper, which is 33% thicker and 32% higher in yield strength than ordinary 10-gauge commercial steel. The combined effect is 75% stronger, so it easily handles the most demanding conditions and resists damage from impacts and abrasion.

### Semi-Pneumatic Flat-Free Caster Tyres

Eliminate time-consuming flats.

### Unibody Frame

Lighter and more durable frame. The frame has been positioned lower to the ground, improving centre of gravity, balance and traction in most conditions. As an added perk, it's made the machine easier to handle.

### Twin Unitised Pump and Wheel Motor Transmissions

Proven commercial hydraulic components while eliminating hoses and other potential leak points. You'll get a smoother, faster response while enjoying an even more reliable machine.

### Instrument Panel

The easy to see instrument panel includes a digital hour meter, fuel gauge, voltage meter and diagnostics indicators for troubleshooting at a glance.

### Operator Comfort and Control

Deluxe suspension seat features thick cushions, large bolsters and 3-D isolator mounts that absorb bumps and vibrations to reduce operator fatigue.

### Folding Rollover Protection System

A Rollover Protection System (ROPS), complete with seat belt, comes standard for operator protection in the case of accidental rollovers and tipovers. In situations where sufficient vertical clearance is not available, such as loading on an enclosed trailer, the ROPS can be temporarily unlocked and folded down.

Professional Contractor/Mowers/Z Master® Professional 7000 Series

## 52" (132.1 cm) Z Master® Professional 7000 (74266)

Need to power through tough mowing conditions that would strain conventional petrol-powered mowers? Toro Z Master® Professional 7000 Series offers superior quality of cut and performance that are needed for a wide array of turf maintenance requirements.

This model features 132.1 cm TURBO FORCE® cutting deck with 898 cc liquid-cooled Kubota® diesel engine. The powerful yet fuel-efficient engine is compact and exceptionally well-balanced for low vibration. The liquid-cooled system ensures cleaner combustion and extended engine life.

Model 74267 shown.

### Specifications

Engine	898cc Kubota® liquid-cooled diesel 17.5
Cutting Width	132.1 cm
Deck Material	TURBO FORCE® 7-gauge high-strength steel with bull-nose front
Deck Type	Side discharge tools-free adjustable baffle
Fuel Capacity	45.42 Litres
Maximum Forward Speed	18 km/h
Drive Tyres	23" x 9.5" - 12"
Caster Tyres	13" x 6.5" - 6" flat-free semi pneumatic
Height of Cut	1.5" - 5.0"
Rubber Discharge Chute	Standard
Spindle Housing	9" diameter cast iron
Spindle Bearings	Premium greasable ball bearings
Blades	0.25" heat-treated steel
Blade Tip Speed	18,500+ ft/min
Carrier Frame Construction	2" x 2" x 3/16" steel
Warranty*	4 years/1200 hours limited warranty, Lifetime frame limited warranty and 4 years/1200 hours spindle limited warranty *See your certified Toro dealer for full details on warranties.

## Features

### Exclusive TURBO FORCE® Deck

High-capacity, 7-gauge, 140 mm deep TURBO FORCE® cutting decks with patented adjustable discharge baffle works in tandem with high-torque 3-cylinder diesel engines to provide exceptional cutting performance at high ground speeds.

### Liquid-Cooled Kubota® Engine

The powerful yet fuel-efficient engine is compact and exceptionally well-balanced for low vibration. The liquid-cooled system ensures cleaner combustion and extended engine life.

### Robust Cast Iron Spindle

Robust cast iron spindle housings with solid splined shaft.

### Hydro Pump

Utilises a heavy-duty dual 16 cc Hydro-Gear® variable displacement pump assembly, and coupled together with high-torque wheel motors, provides outstanding drivability performance.

### Semi-Pneumatic Flat-Free Caster Tyres

Eliminate time-consuming flats.

### Diesel Fuel Efficiency

Diesel engines are more efficient than petrol engines of the same power, resulting in lower fuel consumption. Diesel fuel is denser and contains about 18% more energy by volume, providing added power for more demanding conditions.

### Biodiesel Ready

All diesel-powered Toro Z Master mowers are approved to utilise up to 20% biodiesel (B20) fuel blends. Based on EPA-designed engine tests, the overall smog-forming potential from biodiesel exhaust emissions is nearly 50% less than that measured for diesel.

### Instrument Panel

The easy to see instrument panel includes a digital hour meter, fuel gauge, voltage meter and diagnostics indicators for troubleshooting at a glance.

### Folding Rollover Protection System

A Rollover Protection System (ROPS), complete with seat belt, comes standard for operator protection in the case of accidental rollovers and tipovers. In situations where sufficient vertical clearance is not available, such as loading on an enclosed trailer, the ROPS can be temporarily unlocked and folded down.

Professional Contractor/Mowers/Z Master® Professional 7000 Series

## 60" (152.4 cm) Z Master® Professional 7000 (74267)

Need to power through tough mowing conditions that would strain conventional petrol-powered mowers? Toro Z Master® Professional 7000 Series offers superior quality of cut and performance that are needed for a wide array of turf maintenance requirements.

This model features 152.4 cm TURBO FORCE® cutting deck with 898 cc liquid-cooled Kubota® diesel engine. The powerful yet fuel-efficient engine is compact and exceptionally well-balanced for low vibration. The liquid-cooled system ensures cleaner combustion and extended engine life.

## Specifications

Engine	898cc Kubota® liquid-cooled diesel 17.5
Cutting Width	152.4 cm
Deck Material	TURBO FORCE® 7-gauge high-strength steel with bull-nose front
Deck Type	Side discharge tools-free adjustable baffle
Fuel Capacity	45.42 Litres
Maximum Forward Speed	18 km/h
Drive Tyres	24" x 12" - 12"
Caster Tyres	13" x 6.5" - 6" flat-free semi pneumatic
Height of Cut	1.5" - 5.0"
Rubber Discharge Chute	Standard
Spindle Housing	9" diameter cast iron
Spindle Bearings	Premium greasable ball bearings
Blade Type	0.25" heat-treated steel
Blade Tip Speed	18,500+ ft/min
Carrier Frame Construction	2" x 2" x 3/16" steel
Warranty*	4 years/1200 hours limited warranty, Lifetime frame limited warranty and 4 years/1200 hours spindle limited warranty *See your certified Toro dealer for full details on warranties.

Professional Contractor/Mowers/Z Master® 8000 Series Direct Collect Z

42" (106.7 cm) Z Master® 8000 Direct Collect Z (74310)

Every landscape professional has customers that are particular about the way their properties look after they've been mowed. Often the properties are equally demanding, with short runs, tight turns, trees, flowerbeds, you name it. For high-end properties, a clean, manicured look is everything.

The Z Master® 8000 Series Direct Collect Z gives you that and much more. A powerful blower moves more air, allowing large volumes of material to be thrown into the hopper. The rear-discharge deck lets you trim on either side while keeping flower beds and walkways clipping-free. And the high-capacity collection system helps extend mowing time. With ground speeds up to 11.3 km/h, the 8000 series is the answer for a perfect cut in

### Specifications

Engine	624 cc Kohler® Command PS-CH641-3018 or
Cutting Width	106.7 cm
Deck Material	Full-floating rear-discharge cutting deck with heavy-duty gear-driven spindle
Deck Type	Rear discharge
Hydraulic Drive System	Dual Hydro-Gear 12 cc variable-displacement pumps power, Hydro-Gear planetary
Fuel Capacity	28.39 litres
Maximum Forward Speed	11.3 km/h
Drive Tyres	18" x 10.5" - 10" MultiTrac® C/S
Caster Tyres	8" x 3" - 4" Semi Pneumatic (front)
Height of Cut	1" - 4"
Clutch	6" brake band
Blades	2 blades at 22"
Blade Tip Speed	18,500+ ft/min
Carrier Frame Construction	Channeled and fully welded 1.5" x 1.5" x 0.1875" wall tubing
Weight**	517 kg **traction unit &
Warranty*	2 years/1200 hours limited warranty *See your certified Toro dealer for full details on warranties.

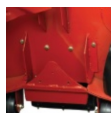

## Features

### Kohler® Engine

624 cc Kohler® Command PS-CH641-3018 or PS-CH640-3164 15.3 kW

### Toro Cutting and Collection Technology

Exclusive fill-reduction system provides the most versatile cutting system in a dedicated bagging machine. The floating deck follows ground contours to virtually eliminate scalping and the 11.8 cm deep deck processes taller grass at higher speeds without clogging. The unique adjustment screen also prevents clogging in wet and blowout in dry conditions to provide a clean look.

### Commercial Design and Heavy-Duty Construction

The superior 50 hp gearbox with spiral-bevel cut gears assembly utilises premium Timken tapered roller bearings and is independently sealed at each box to prevent cross contamination or loss of lubricant. The integrated seal guards on output shafts protect and keep debris away.

### Drive Control System Design

The drive control system design utilises the latest hydro-drive technology for smooth and precise control at more productive mowing speeds. The control interface allows for increase control and consistent feel throughout the operating range. The drive system is equipped with new high performance 18 cubic inch H-Series Motors and reduced friction 12 cc Pumps to improve control feel.

### Swing Away Fuel Tank

The fuel tank pivots out for easier engine servicing.

### Enhanced Bagging & High Capacity

Large blower to move more air allowing grass to stand up for a superior cut and the 9.5-bushel hopper means less time emptying and more time mowing. Exclusive baffle design fills evenly back to front for maximum efficiency.

Professional Contractor/Mowers/Z Master® 8000 Series Direct Collect Z

Professional Contractor/Mowers/Groundsmaster® 7200/7210

## Groundsmaster® 7200 (30495)

The Groundsmaster® 7200 zero turn rotary mowers are rugged enough to be called a Groundsmaster®. They have powerful Kubota® 1,123 cc (18.6 kW), 3-cylinder, liquid-cooled diesel engines to get the job done well. Durable heavy-duty 7-gauge welded steel deck construction and the industry's toughest spindle assembly provide long life. Use the Groundsmaster® 7200 for more than mowing with the added versatility for grooming infields and blowing leaves.

Groundsmaster® 7200 Models can be configured with one of the following decks:

152.4 cm side discharge deck 157.5 cm base deck which can be set up as either a rear discharge deck or Guardian® Recycler® deck 183 cm side discharge

## Specifications

Engine	1,123 cc Kubota® 3-cylinder, liquid-cooled diesel 18.6 kW
Cutting Width	152.4 cm, 157.5 cm, 183 cm
Deck Material	7-gauge welded steel
Deck Type	Side discharge adjustable baffle, Rear discharge or Guardian® Recycler
Fuel Capacity	43.5 litres
Maximum Forward Speed	20 km/h
Height of Cut	1" - 6" adjustable in 0.25" increments
Drive Tyres	24" x 12" - 12", 6-ply pneumatic tubeless, dismountable and interchangeable
Caster Tyres	15" x 6" - 6", 4-ply ribbed tread, tubeless
Spindle Housing	9" cast based
Spindle Bearings	Premium greasable tapered roller bearings
Weight**	Approx. 862 kg **Weight may vary depending on deck configuration.
Warranty*	2 years/1500 hours limited warranty *See your certified Toro dealer for full details on warranties.

## Features

### Industry's Toughest Deck and Spindle Assembly

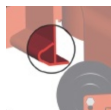

The Groundsmaster® 7200 cutting decks stand up to the rigours of everyday use with high-strength, 7-gauge welded-steel construction that resists cracking. In fact, Toro decks are 33% thicker and 85% stronger than competitive decks made from ordinary 10-gauge steel. The decks also employ heavy-duty spindle assemblies with a 9" (23 cm) diameter base to absorb impacts that would damage most other assemblies.

### Direct-Drive Transmission

Integrates wheel motor pumps, a hydraulic wet disc clutch and engine power linkage. Coupling the transmission directly to the engine eliminates drive belts and creates an efficient and robust powertrain system that requires less maintenance and service.

### Bull-Nose Bumper

This unique design provides durability and minimises blowout of grass and dust. The leading edge is raised 6.4 mm so grass stands up straight for a cleaner cut.

### 60" (152.4 cm) & 72" (183 cm) Side Discharge Deck

A blade tip speed of 18,000 ft/min assures a cleaner cut without sacrificing mowing speed. The patent-pending rubber discharge deflector disperses clippings evenly while protecting trees and other objects from damage.

### 62" (157.5 cm) & 72" (183 cm) Rear Discharge or Guardian® Recycler® Deck

The patented vertical discharge system offers improved safety and clipping management by forcing the clippings to be cut and re-cut.

### Quick Attach System™ (QAS)

The exclusive Toro QAS allows switches between attachments in less than a minute without tools.

### Deluxe Suspension Seat

The new air-ride seat suspension glides over the bumps improving operator comfort and reduces operator fatigue when mowing for a prolonged period.

### All-day Comfort and Maximised Productivity

The ideal choice for productivity and operator comfort. It's capable of a 20 km/h mow/transport speed and the 43.5 litres fuel tank is large enough for a full day of mowing. The hydraulic deck lift, zero-turn stick operation, deluxe suspension seat and cup holder ensure operator comfort and reduce fatigue.

### Folding Rollover Protection System

A Rollover Protection System (ROPS), complete with seat belt, comes standard for operator protection in the case of accidental rollovers and tipovers. In situations where sufficient vertical clearance is not available, such as loading on an enclosed trailer, the ROPS can be temporarily unlocked and folded down.

Professional Contractor/Mowers/Groundsmaster® 7200/7210

## Groundsmaster® 7210 (30487)

The Groundsmaster® 7210 zero turn rotary mowers with cabs are rugged enough to be called a Groundsmaster®. They have powerful Kubota® 1,123 cc (26 kW), 3-cylinder, liquid-cooled diesel Turbo Charged engines to get the job done well. Durable heavy-duty 7-gauge welded steel deck construction and the industry's toughest spindle assembly provide long life. Use the Groundsmaster® 7210 for more than mowing with the added versatility for grooming infields and blowing leaves. Groundsmaster® 7210 Models can be configured with one of the following decks:  
 152.4 cm side discharge deck 157.5 cm base deck which can be set up as either a rear discharge deck or Guardian® Recycler® deck 183 cm base deck which can

## Specifications

Engine	1,123 cc Kubota® 3-cylinder, liquid-cooled diesel Turbo Charged 26 kW
Cutting Width	152.4 cm, 157.5 cm, 183 cm

## Features

### Industry's Toughest Deck and Spindle Assembly

The Groundsmaster® 7210 cutting decks stand up to the rigours of everyday use with high-strength, 7-gauge welded-steel construction that resists cracking. In fact, Toro decks are 33% thicker and 85% stronger than competitive decks made from ordinary 10-gauge steel. The decks also employ heavy-duty spindle assemblies with a 9" (23 cm) diameter base to absorb impacts that would damage most other assemblies.

### Safety Cabs

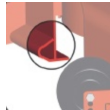

The climate-controlled Groundsmaster® 7210 provides protection and comfort in extreme temperatures. Operators work confidently in a fully-enclosed, factory-installed cab, with a fourpost, rollover protection structure (ROPS) and tempered safety glass. The front and rear windows open for ventilation. A windshield washer and wiper help maintain visibility when the weather turns bad.

### Direct-Drive Transmission

Integrates wheel motor pumps, a hydraulic wet disc clutch and engine power linkage. Coupling the transmission directly to the engine eliminates drive belts and creates an efficient and robust powertrain system that requires less maintenance and service.

### Bull-Nose Bumper

This unique design provides durability and minimises blowout of grass and dust. The leading edge is raised 6.4 mm so grass stands up straight for a cleaner cut.
